

List of bovine semen production centres approved by the Canadian Food Inspection Agency (CFIA) to export bovine semen
Liste des centres de production de sperme bovin agréés par l'Agence canadienne d'inspection des aliments (ACIA) pour exportation de sperme bovin

Bovine semen production centres listed below are approved to collect and export **bovine semen** according to the standards of the Canadian Artificial Insemination Program established under Health of Animal Act and Regulations. Reference: section 15.4.1, Artificial Insemination Program. Specific approval is required to export bovine semen to China and the European Union.

Les centres de production de sperme bovin listés ci-après sont agréés aux fins de collecte et d'exportation de **sperme bovin** selon les normes du Programme canadien d'insémination artificielle, établi selon la Loi et les Règlements sur la santé des animaux. Référence: module 15.4.1 du Programme d'insémination artificielle. Un agrément spécifique est requis pour exporter en Chine et en Union européenne.

Amended November 1, 2016 / Mise à jour le 1 novembre 2016
